

Sharpdesk® Comprehensive Scanning Solution

Sharpdesk is an easy-to-use software application with a new user-friendly interface. With the integration of the Sharpdesk Composer and Network Scanner Tool, Sharpdesk software enables users to organize, annotate, edit and modify scanned documents.

Key Features:

- An easy to navigate document management solution.
- Designed to support individual computer or work station.
- Allows users to view, organize, annotate and edit scanned documents.
- Documents can be distributed via email.
- Converts hard copy documents into editable files with embedded OCR capability.
- Scanned documents are automatically opened and displayed within Sharp desk.
- Sharpdesk is a complete individual scanning solution for organizations.

Network Scanner Tool (NST) Features:

- NST enables users to easily set scan destination, parameters from MFP to their PC.
- Connecting and identifying Sharp MFPs on the network is easy and quick to configure.
- NST allows users to set their profiles and desired scan to folders on a user's PC.
- Enhance image processing and conversion of files by OCR.

Sharpdesk Composer Features:

- Allows users to modify scanned documents.
- Combine and organize scanned documents.
- Centralized modification of documents and distribution of files.
